Mandy Brewer, Treasurer, Twin Shores Beach and Marina

## November 20, 2013

John spent numerous hours negotiating and coordinating replacement of the south seawall which he is very good at. John also coordinated work to be done by our electrician to have a broken wire under the road fixed in order to get the lights going on the street. We had a huge underground water pipe break under the drive to the laundry that flooded the park in a matter of 2 hours. The main was shut off and again John coordinated work to be done with our plumber. A few weeks later I got a call at 2:30 a.m. that another big spew of water was coming up close to that court yard, so I shut off the main until morning when we determined it was from the sprinkler system and that was a fast and easy fix.

The only thing I did was check the office for messages and look things up as requested by some board members.

Again we observed that people are still leaving items in the dumpster area. John spent quite a bit of time taking apart a large kitchen counter top and put it in the dumpster. There was also a vacuum cleaner left in the area. It should be noted and reminded that this is not John's responsibility and people need to take responsibility to dispose of their items property. As usual there were numerous chairs left on the beach that we had to dispose of also. It never ceases to amaze me that adults can't be more responsible for their own actions and garbage.

We also had an incident where plumbers working for a private party put an old toilet in the yard waste dumpster and Charles had to dig it out. This is all I can think of to report, most everything we did in the summer was reported to Steve Koerner and Pat Novi.
